

SUSTAINABILITY AT OUR HOTEL

Caring for the planet is a natural extension of Hyatt's purpose — to care for people so they can be their best.

At [Hyatt Regency Coralville](#) we are dedicated to sustainability and are committed to making a difference through our daily processes.

OVERVIEW

- Electric vehicle charging stations within one block of Hyatt Regency Coralville.

CLIMATE CHANGE & WATER CONSERVATION

- Energy efficient LED lighting is used throughout our hotel.
- Sensors are used in guestrooms and meeting rooms to efficiently manage lighting and temperature.
- We track and manage environmental performance using Hyatt EcoTrack, Hyatt's global environmental sustainability software.
- Through our Conserve program, we change linens every third day unless requested otherwise, and guests may choose to reuse towels by leaving them hanging.

WASTE & CIRCULARITY

- If you would like to avoid disposable water bottles, hydration stations are available in fitness center & pool area.
- Mobile Entry is available through the World of Hyatt app to reduce the number of plastic keycards handed out. For guests using key cards, return boxes are available in the lobby to use after checkout.
- Gently used towels and linens are donated to local organizations that help the homeless or families.

RESPONSIBLE SOURCING

Hyatt's Food. Thoughtfully Sourced. Carefully Served. philosophy guides us in how we select ingredients that are better for people, communities, and the planet.

- Cage-free eggs are utilized in our restaurants.
- Advancing seafood purchased from responsible sources.
- Some produce is organic and purchased locally.
- Plant based & plant forward menu items are offered in our restaurants and for events.
