

FINK MACHINE INC. — OPEN HOUSE For BC Community Forest Association AGM Attendees

 **June 2, 2026**  **3:30 PM – 5:00 PM**  [Fink Machine Inc., 124 Old Vernon Road, Enderby, BC](#)

Tour. Learn. Connect. Join us for refreshments and a tour of one of Canada’s leading biomass heating manufacturers, with a special focus on district heating systems and how they can support community-scale forestry in BC. Explore our Enderby facility, see modern bioheat equipment up close showcasing the systems, equipment, and applications.

What to Expect: • Guided shop walk-through • District heating system overview • Onsite chipping demonstration • Real project examples • Discussion on how European forest management practices are being applied in Canada • Informal Q&A with the Fink Machine team

All AGM attendees welcome. Come see how community forests, district heating, and proven European forest management approaches are coming together in Canada through modern bioenergy solutions.
