

OPA'S Poster Submission Form

The Ontario Psychological Association (**OPA**) will be hosting our 77th Annual Conference on **November 27th & 28th, 2024**. The Conference is a two-day virtual event that focuses on innovations relevant to psychologists, psychological associates, and students in all three areas—clinical, academic, and research. The Conference will highlight the ground-breaking work of Ontario's leaders in psychology through presentations, workshops, and poster presentations. The Conference's poster presentation is a great way for students to showcase their research and for each university to show pride in their students' accomplishments.

The Ontario Psychological Association invites practicing psychologists, graduate and undergraduate students in psychology to submit a poster related to research and/or innovative practices in the field of psychology.

Submit your application to kelsie@psych.on.ca by September 30th 2024 to qualify!

The criteria for selection of posters

- Does it relate to the practice and/or application of psychology?
- Does it have a foundation in theory and scientific research?
- Does it add to our knowledge base and inform our clinical practices?
- Does it have a clearly outlined research design with data?

Benefits to presenters at Poster Session

- More opportunity for local exposure
- Increase poster and presentations skills
- Networking with other practitioners, researchers and students
- Gain significant support from OPA

Review Criteria & Process

Once your submission is received, it will be considered by a Peer Review Committee. Review criteria will include broad appeal, current and timely topic, originality and innovativeness, interactive/creative format, and scientific basis.

Instructions for Submissions

You are required to fill in the application and submit it by email to kelsie@psych.on.ca. You will receive a confirmation of receipt of your submission. **Submissions will be accepted until September 30th, 2024.** You will be notified by November 1st, 2024, regarding its status of inclusion in our program.
